

# Best Locations for Quality of Life

By: Lenice Jackson

# Background

*As the world becomes increasingly interconnected, more individuals are seeking opportunities to improve their quality of life by relocating to new destinations around the globe.*

Goal: Identify top countries with high global national income (GNI), life expectancy, and happiness scores.

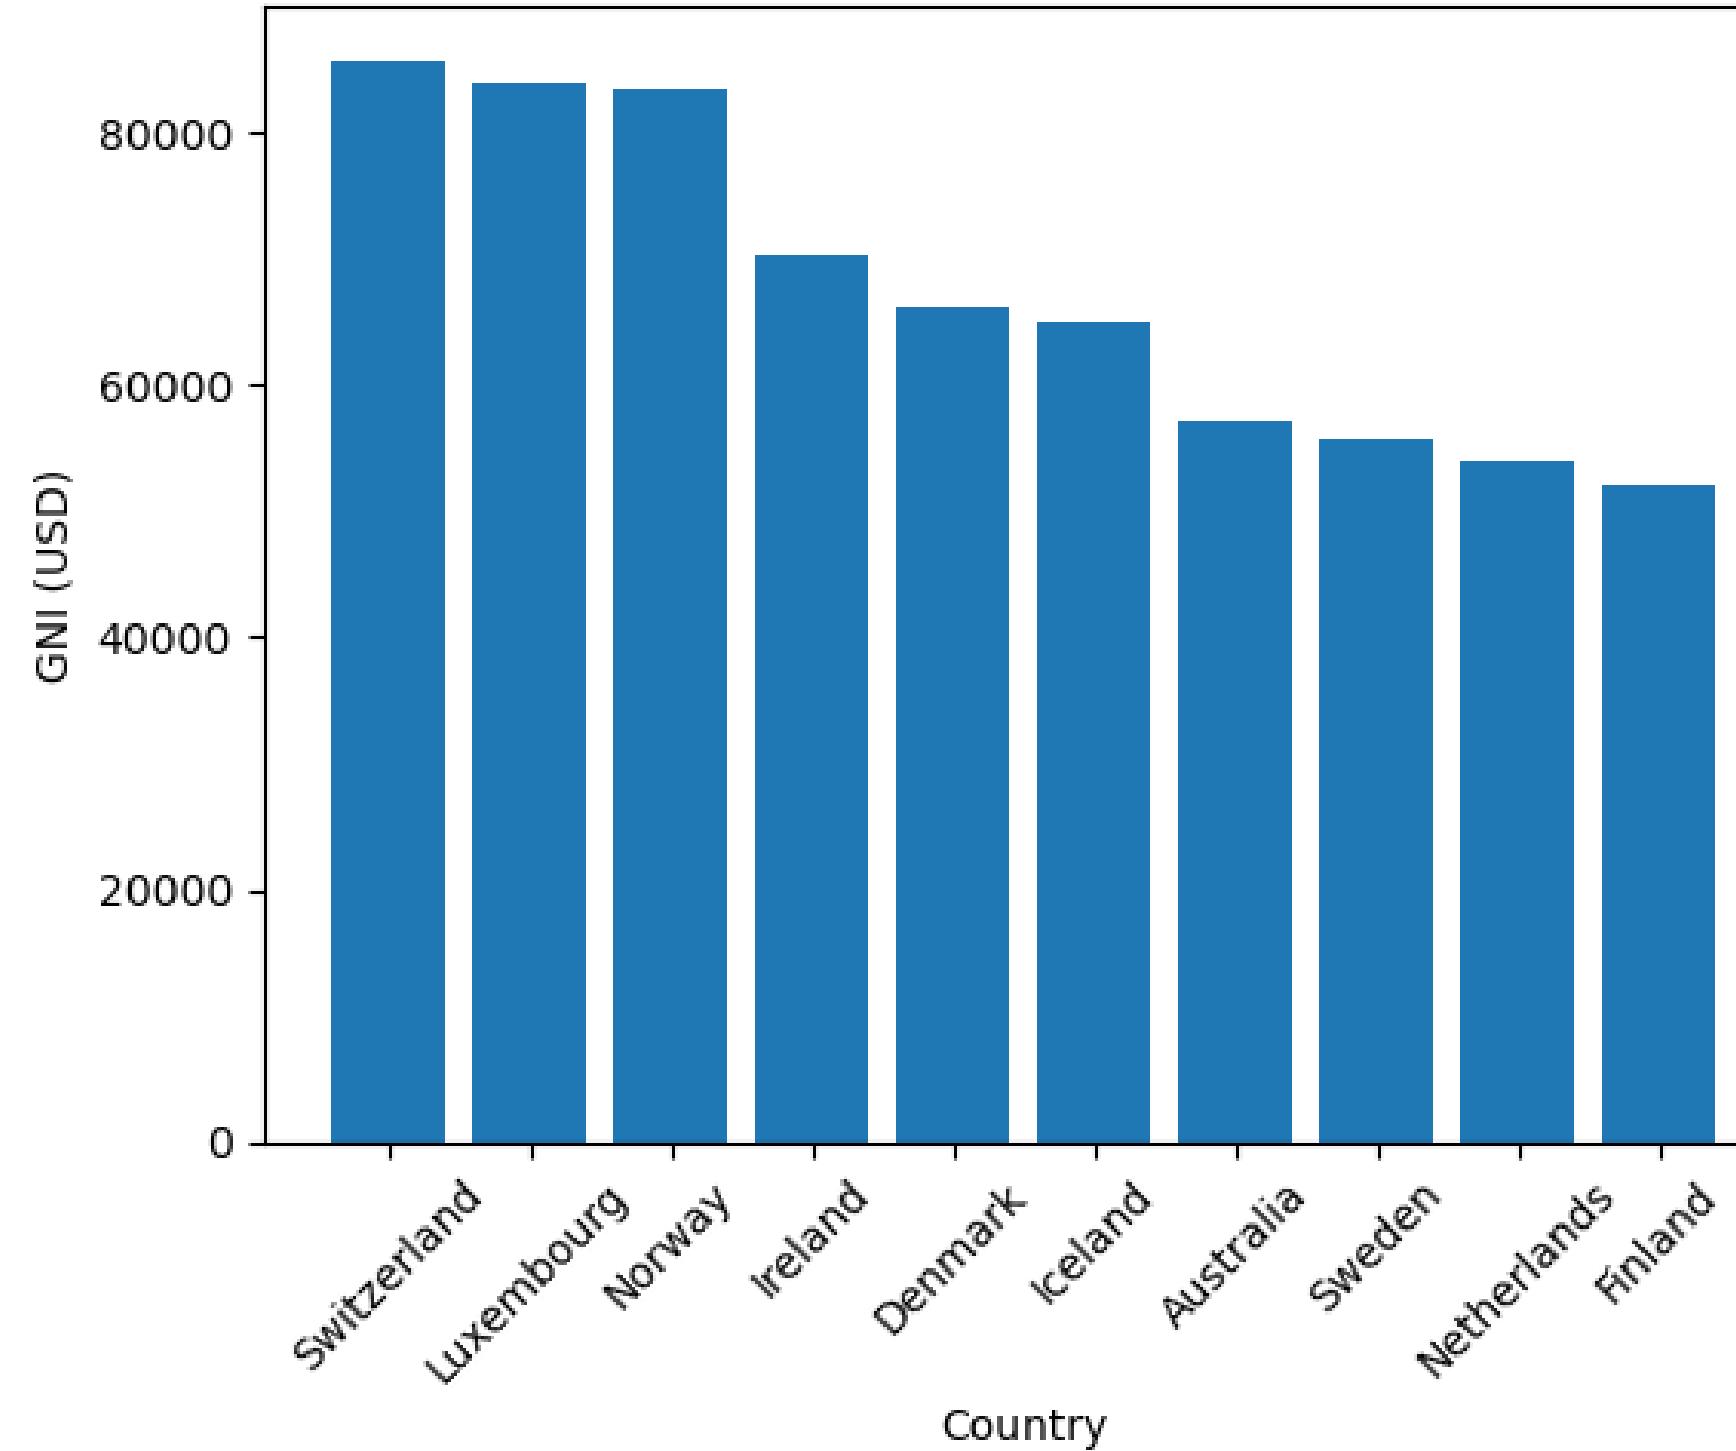

# Factors to Consider

- 1) Economy
- 2) Health
- 3) Happiness

# ECONOMY

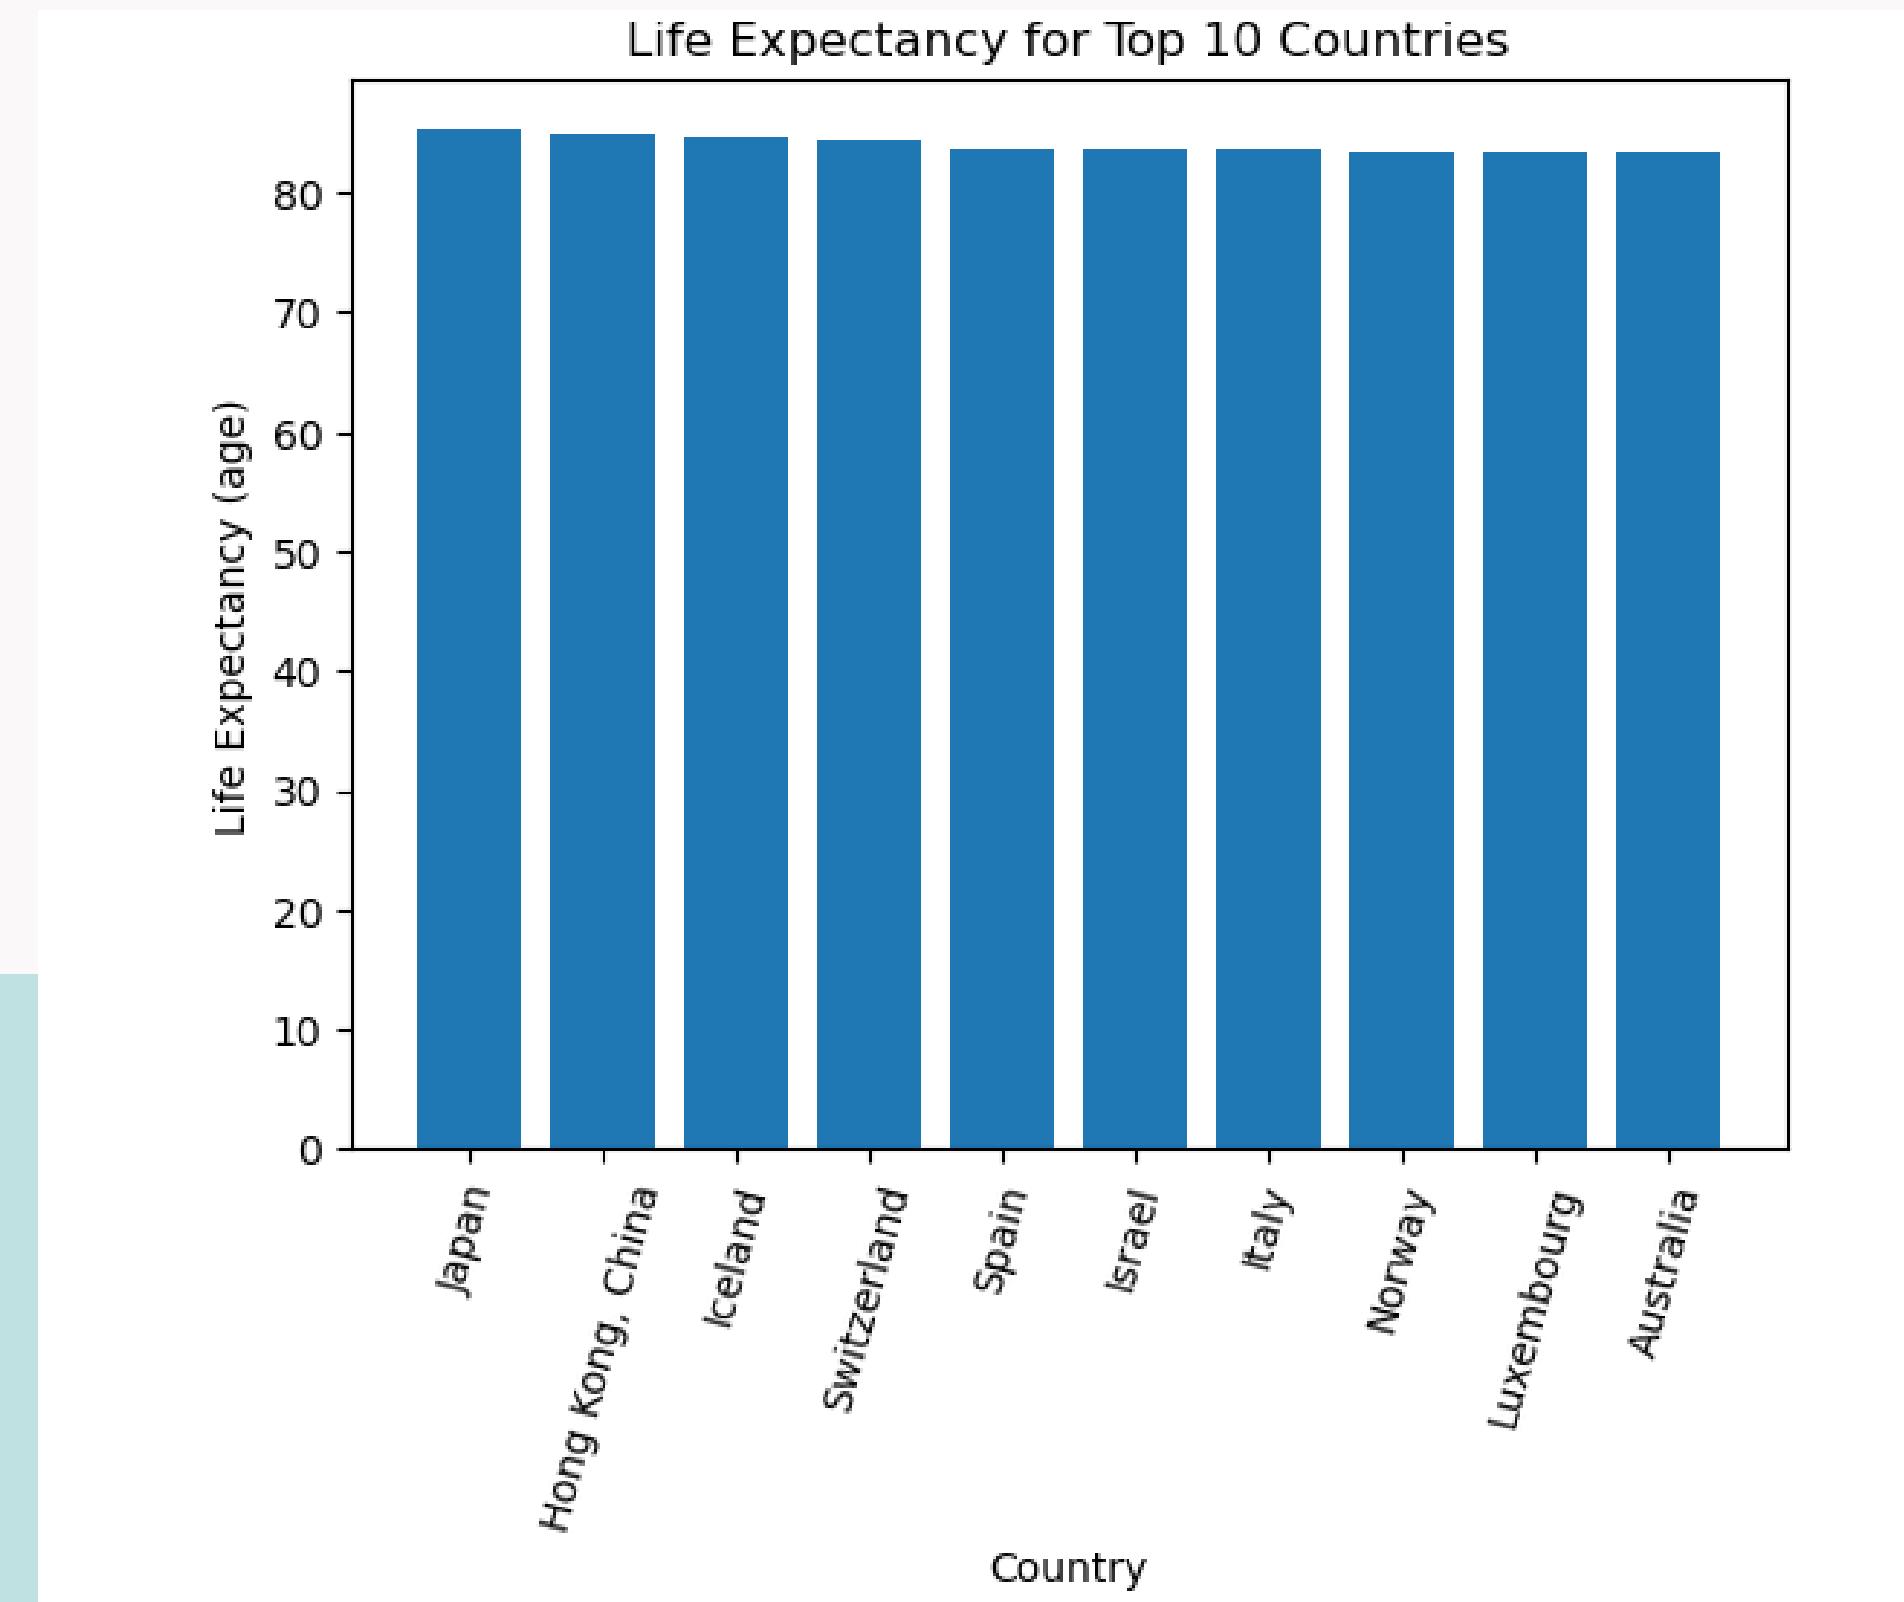

## Global National Income

GNI for Top 10 Countries

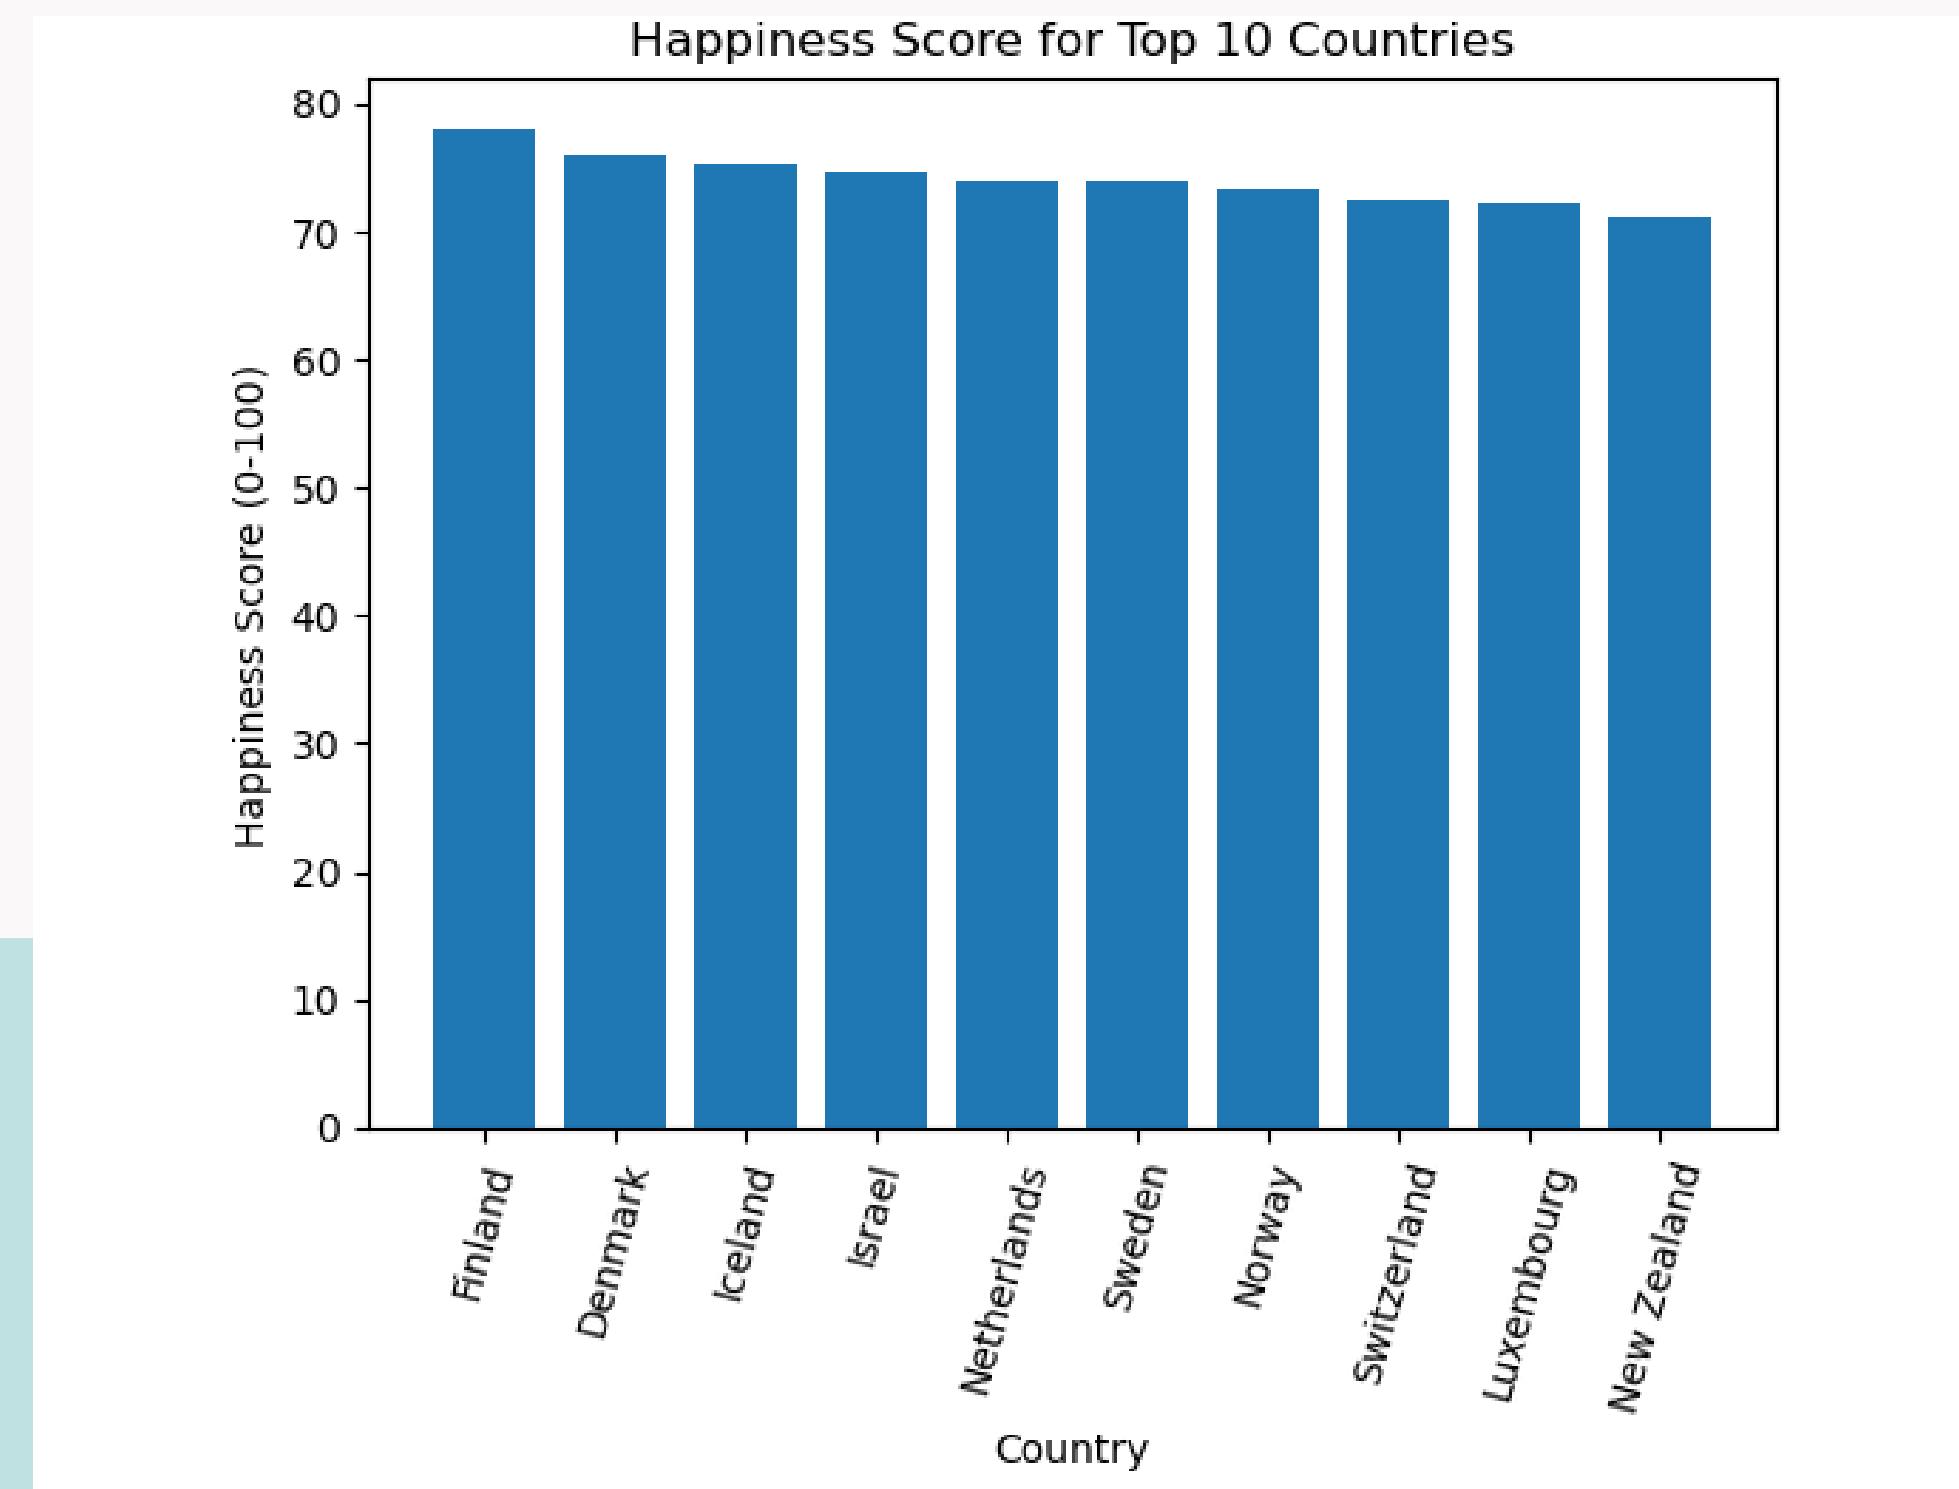

# HEALTH

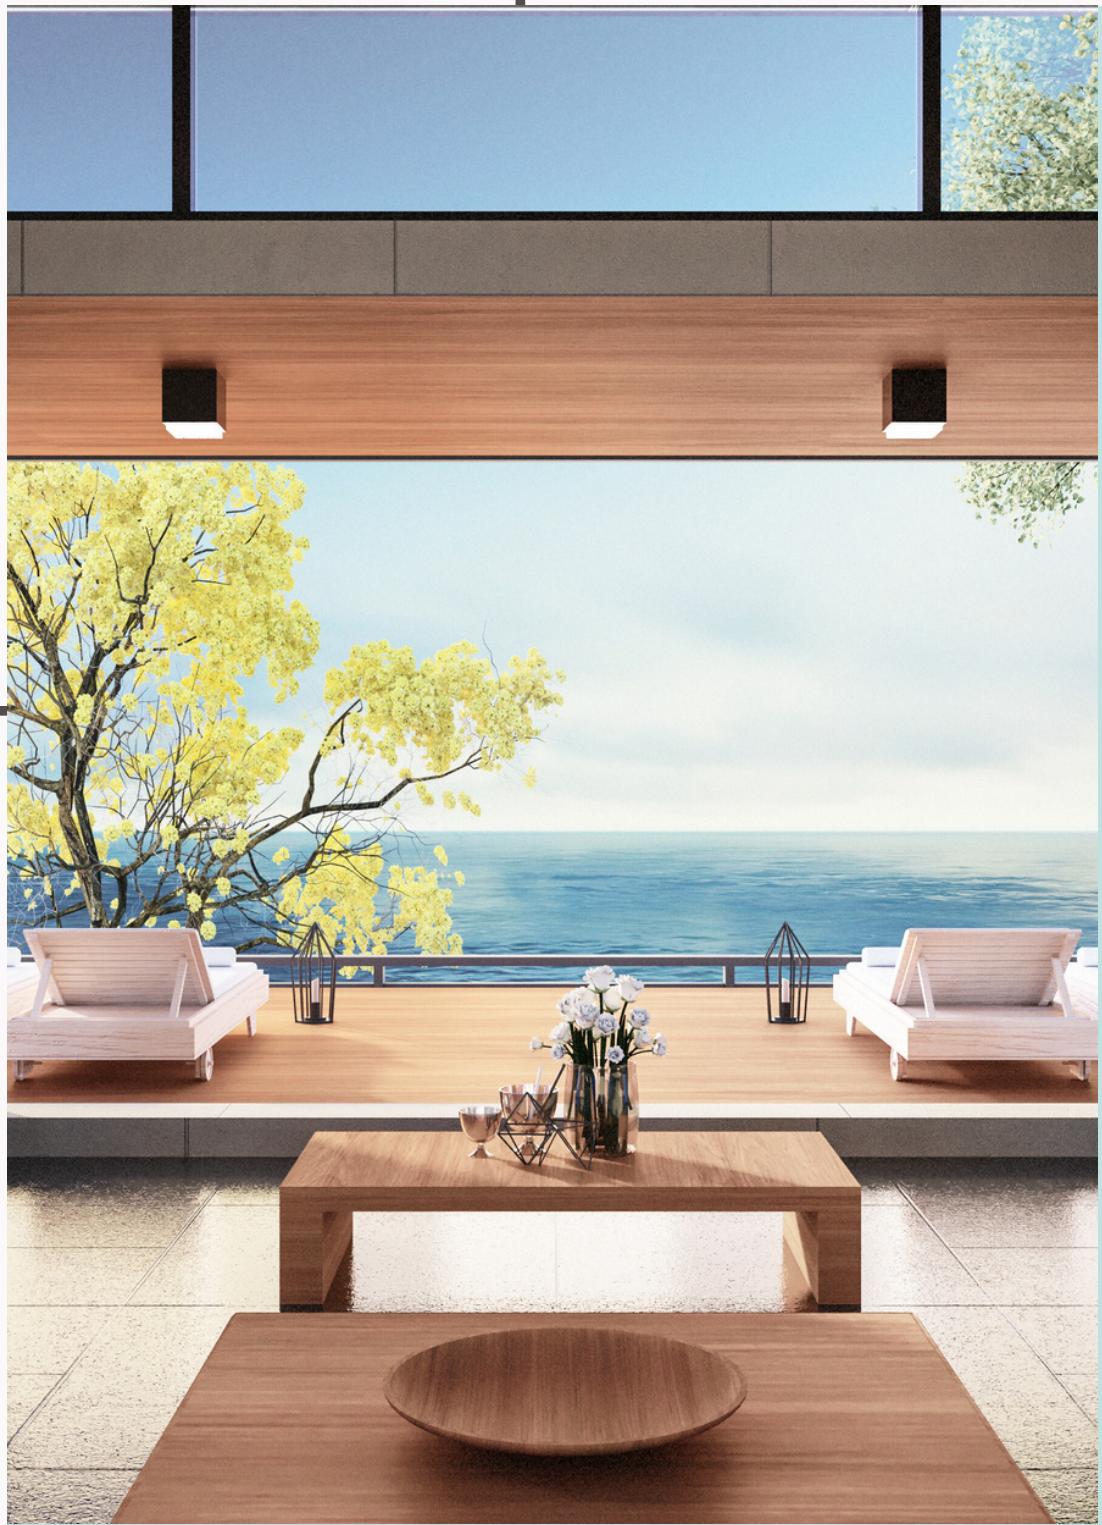

## Life Expectancy

# HAPPINESS OF CITIZENS

## Happiness Score

Which countries  
should individuals  
move to for better  
quality of life?

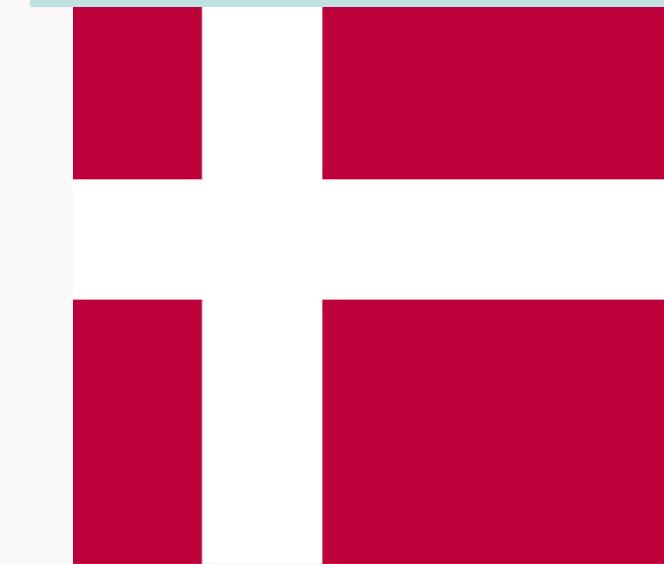

# TOP 5 COUNTRIES

Based on happiness score, GNI, and life expectancy

Finland

Denmark

Iceland

Sweden

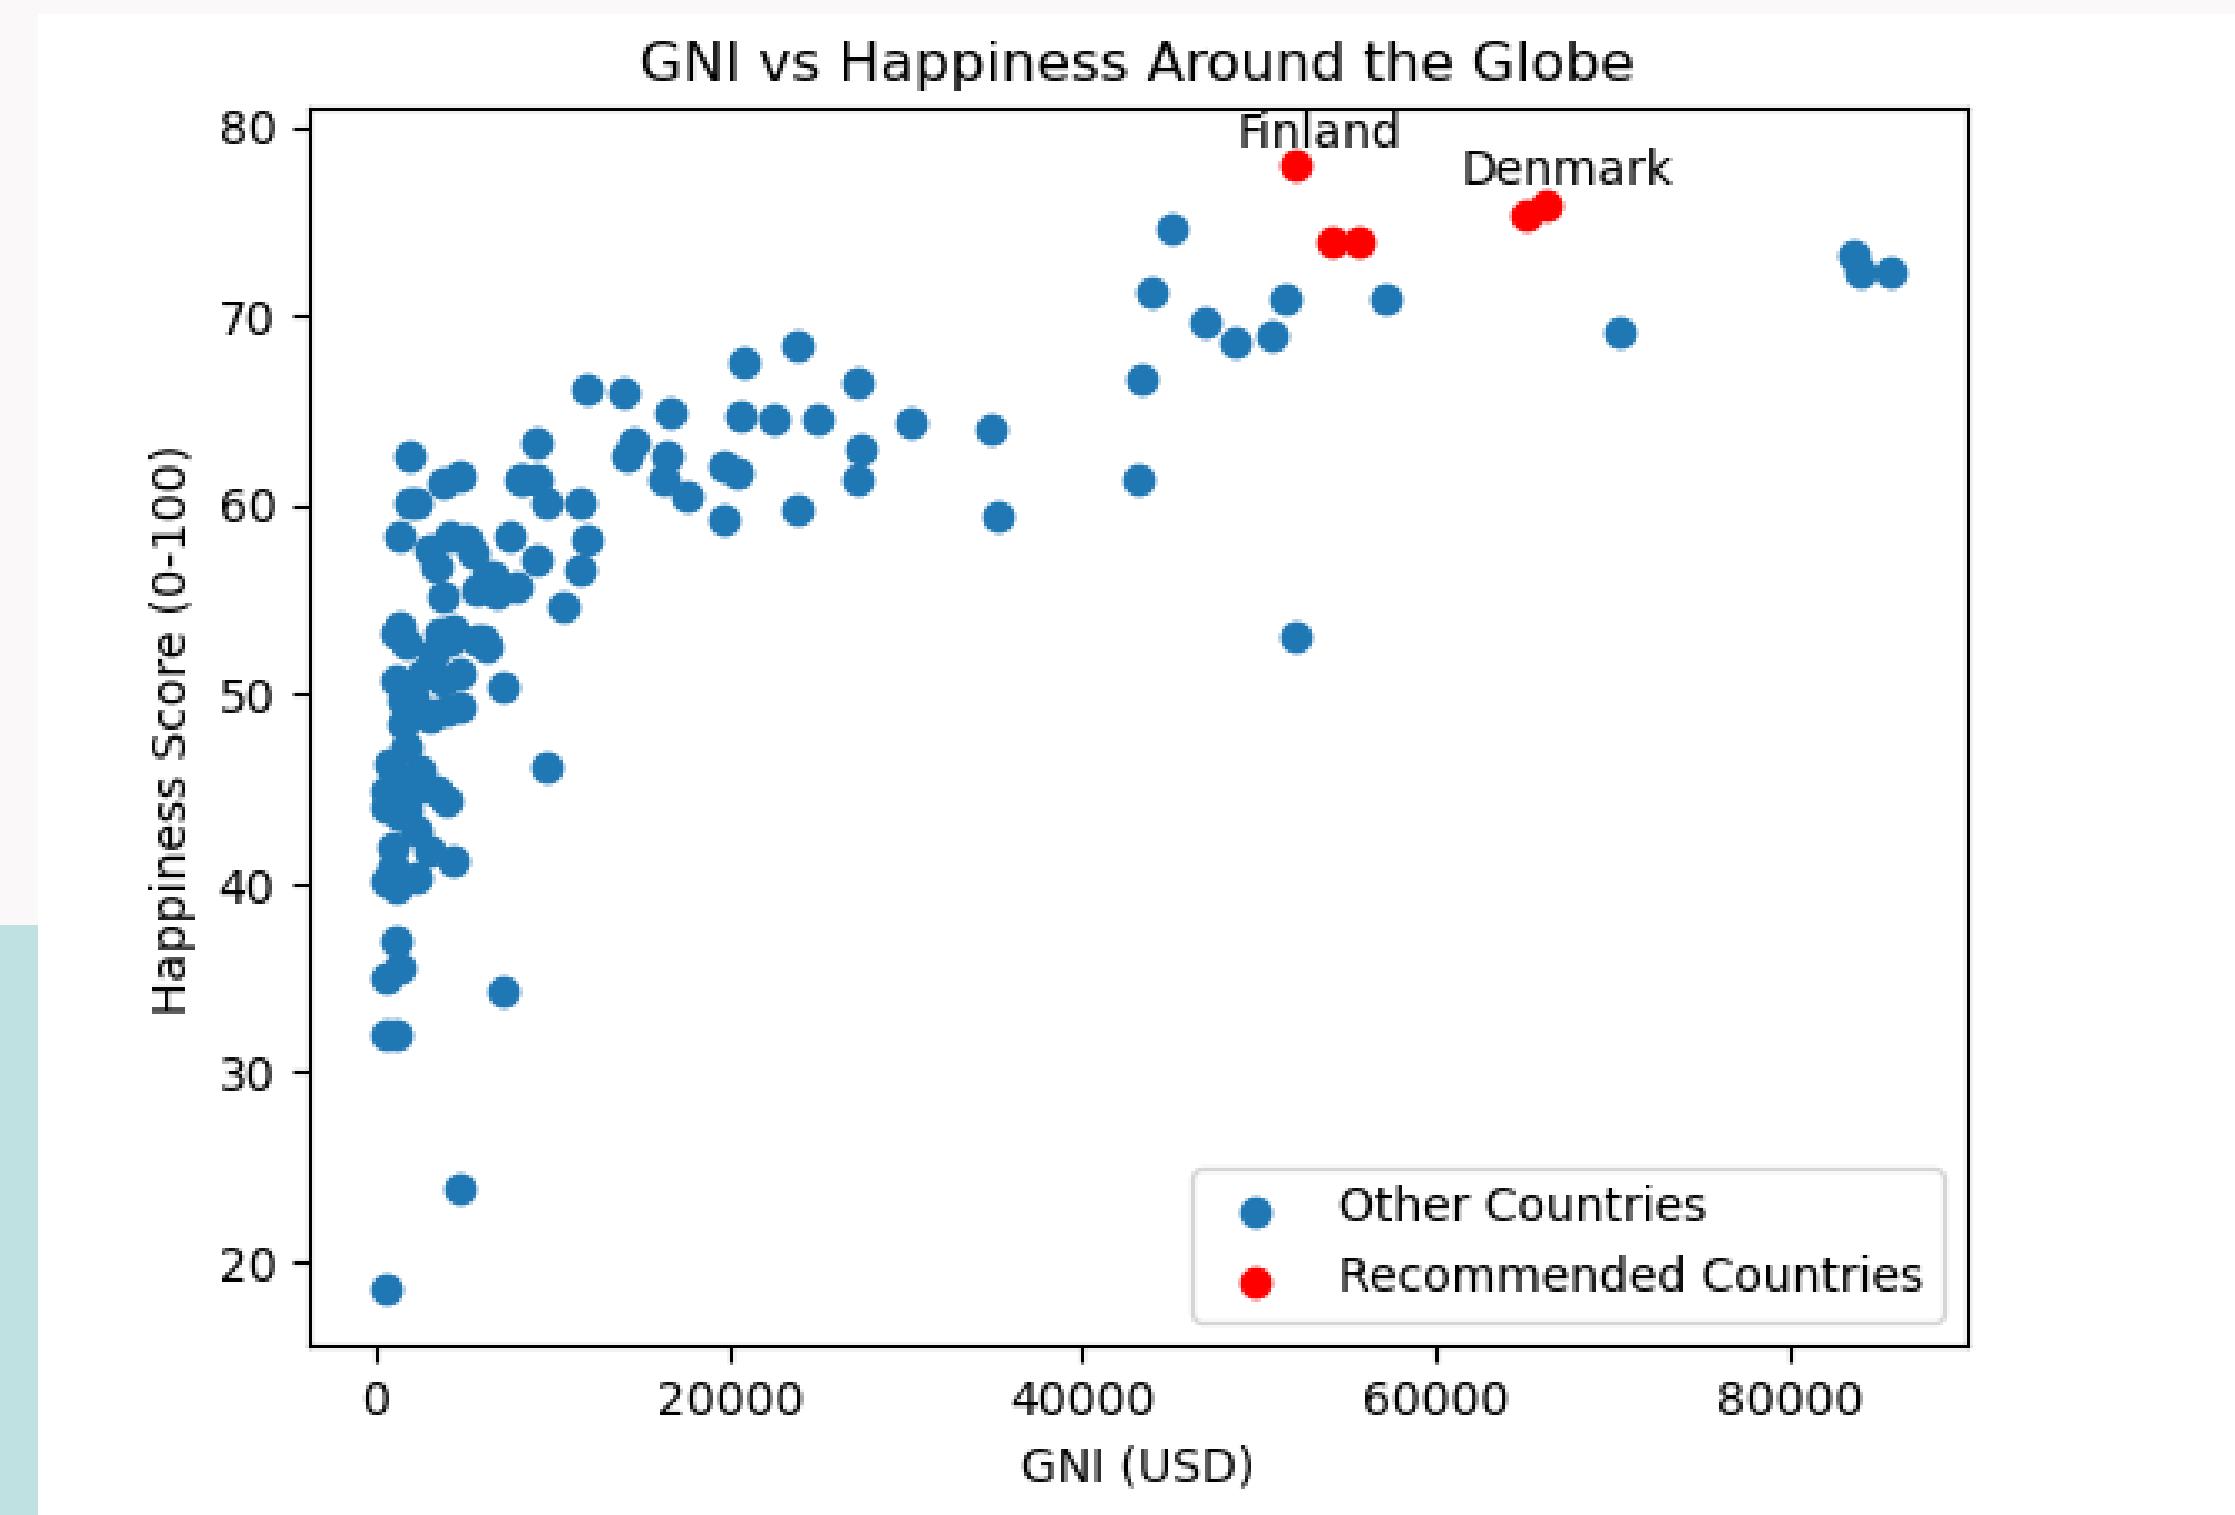

Netherlands

# CLOSER LOOK...

## Economy: Global National Income and Happiness

## CLOSER LOOK..

# Health: Life Expectancy and Happiness

# Limitations

## 1) Limited Data

Some countries were not accounted for  
due to missing data

## 2) Does Not Reflect Current Events

## 3) Subjectivness of Data

# Thank you!
